(a8b1c4)(John D's 4th child) HENRY NICHOLSON 1853 - 1934

HENRY in 1881 married Isabella Christina (Tina) McKenzie (1859-1921) in the Central Methodist church Durban.

Tina was the youngest daughter of William Mc Kenzie, the first schoolmaster in Richmond. Henry and Tina lived on their property, adjoining the north eastern corner of Richmond village, until her death. In addition to this property they owned Enkobeni Farm and part of Cleveland Farm in Richmond, Good Hope Farm in the Boston district and two farms in the Underberg district - namely X.L. and Fondeling. Henry was a transport rider and for this he had many wagons and a general dealers licence. He transported goods regularly to the eastern Cape and also to Johannesburg and Kimberly until railways connected these towns with Natal. As a progressive he represented Ixopo in the Legislative Assembly of the Natal Parliament from 1891 - 1902. He favoured the formation of a Federation of South African Colonies and not a Union as proposed by the Conservatives. Henry was a foundation member of the Richmond Agricultural Society. He was keenly interested in all forms of sport and was a member of th 1870 Nicholson's cricket team. In 1878 he was president of the Richmond Rifle Association and in 1893 he became foundation member of the first golf club. After the death of his wife, Henry left Richmond and lived with his children. He died in Durban in 1934.
